600 lb. (272 kg)
Patient Wt. Capacity

FACC0055

Simple squeeze of the Trigger Grip Handle for lithotomy and abduction/adduction.

EZ-Lift Power Assist Boot Stirrups with Boot Pads

- 600 lb (272 kg) surgical patient weight capacity
- Boot free-floats throughout each range reducing the risk of superficial nerve injury
- Raise, lower, abduct, adduct quickly and easily with the Trigger Grip handle
- Lithotomy and length indicators help to position and reposition the legs
- Deluxe boot stirrup liners wrap around the foot, ankle and calf providing safe, comfortable and secure patient positioning

Increase your surgeons' operating room performance with the EZ-Lift Power Assist Boot Stirrups which permits simple adjustment of lithotomy and abduction intraoperatively. A simple squeeze of the Trigger Grip trigger provides complete control of lithotomy and abduction/adduction without compromising the sterile field. Simply release the trigger on the handle to securely lock the stirrup in all directions. Quick-connect, blade-mounting style with extended lateral boot system, the EZ-Lift Power Assist Boot Stirrups' range of motion is -35° low lithotomy to 84° high lithotomy. Adduction -9° and abduction 25° , with the control to lock the stirrup anywhere in between. The stirrup ships fully assembled. Boot liners are included. Two required SpringLoc Clamps sold separately.

Organize your accessories with the Stirrup Dolly (left) and Stirrup Wall Rack (right).

FACC0050	Pediatric E-Z Lift Stirrups Bundle Includes 1 pair of each stirrups

Required Accessory: Order Two
FACC0011 SpringLoc Clamp

The Pediatric E-Z Lift Stirrups are as easy-to-use as its forerunner; providing a comfortable, stable boot with an easy-clean boot liner that safely and securely wraps the foot, ankle and leg. Stirrups with the E-Z Lift feature easily control the patient's leg when moving it into the operative position, and have a Trigger Grip Handle that permit simple adjustment of lithotomy, adduction/abduction, and intraoperatively while maintaining a sterile field. Boot adjust with a single clamp, simplifying patient positioning. Boot liners included.

The Pediatric Lithotomy Stirrups are a comfortable boot stirrup with an easy-clean boot liner that is specifically designed with the pediatric patient in mind. Safely and securely wrapping the foot, ankle and leg, the boot adjusts with a single clamp that simplifies patient positioning. Pediatric stirrups attach to side rail of any OR table using the Schure Socket XL (sold separately). Boot liners are included.

Pediatric Lithotomy Stirrups

- Pediatric boot stirrup design encapsulates patient's lower leg
- Floating boot automatically adjusts when repositioning the pediatric boot stirrup
- Replaceable boot liner pad safely wraps patient's foot, ankle and calf
- Single boot clamp makes positioning the patient easy

Schure Loc™ XPS Positioner

- Securely and safely holds patient arm in any desired position during arthroscopic surgery
- Compact and lightweight
- No foot pedals, hoses, hydraulics or power cords
- Ships assembled and ready for immediate use
- Single lever releases all joints for positioning and re locks when released
- Decreases surgeon fatigue and improves intraoperative control of surgical limb
- Schure Loc™ XPS reduces staffing needs providing a more cost-effective procedure
- Schure Loc™ XPS Shoulder Kit conveniently includes a sterile drape and foam hand/forearm holder, and self-adherent wrap

Schure Loc™ XPS currently outperforms similar equipment for shoulder surgery in both the beach chair and lateral position. The Schure Loc™ XPS is the perfect companion piece for any beach chair positioner—easily attaching to any OR table rail while freeing your surgical assistant to do much more than steady the patient's limb. Get the most from your team by adding this high-quality, easy-to-use device to your shoulder surgery equipment.

Easy as 1, 2, 3

- Squeeze and hold lever to release all device joints
- Position limb in exact position
- Release lever to securely lock into position

FACC0169 Schure Loc™ XPS

Optional Accessory
FACC920-0281 Disposable Schure Loc™ XPS Sterile Kit, 10/cs
Includes Sterile Forearm Wrap, Sterile Self-Adherent Coban™ and Sterile Drape.

Surgical Table Accessories

Completely eliminates manual positioning with push-button ease

FACC0043

FHC Powered Beach Chair

- 500 lb (227 kg) patient weight capacity
- Motion-control technology eliminates manual patient positioning
- Lateral Brace attaches to chair and not table side rail
- Pull-away panels providing excellent surgical exposure
- Double-ball joint head rest tilts 30° in every direction
- Five-piece Deluxe pad set included

The FHC Powered Beach Chair is the only chair on the market with a self-contained motor that does not have to rely on the surgical table for power. The double-ball joint head system safely secures patient's head; with even your kyphosis patients. Chair adjusts from 0-90° in 8 seconds in a slow controlled movement. 2" (5cm) Deluxe pad set provides patient comfort. Motion-control technology eliminates manual patient positioning with a simple push button hand control and supports patients up to 500 lbs (227 kgs). Attaches to ANY operating room table with our integrated adjustable mounting clamps. Lateral Brace included.

Shoulder Assistant

- Save money not having to buy expensive drapes
- Surgeon foot control provides quick and precise intraoperative positioning
- Easy-to-assemble
- Shoulder Assistant Dolly sold separately
- Unlimited surgical site access and positioning

The FHC Shoulder Assistant combines strength and adaptability to provide optimal intraoperative positioning for shoulder surgery in the beach chair position. Staff efficiency is improved as the assistants are freed from holding the limb during surgery. Designed to maintain a low profile while delivering exceptional control and positioning capabilities. Mounts onto the side of any standard operating table and provides a non-sterile base for which sterile components are inserted. The upper extremity positioner and control tube are steam autoclavable to provide the sterile environment needed for upper extremity surgery.

Extremity Positioner

- Great for positioning the lower extremity for foot or ankle procedures
- Sealed seams for easy clean-up
- Dimensions: 16"L x 12"W x 7"H (41cm x 31cm x 18cm)

This pad is ideal and used regularly for prepping of the arm or leg surgical site.

FACC0357 Extremity Positioner

Saphenous Vein Harvest Pad

- Holds legs externally rotated and slightly flexed for minimally invasive, bridging or open harvesting procedures
- The cover is a multi-directional stretch cover. Inside consists of a top layer of conforming foam with a firm supportive base. Water-resistant cover is not made with natural rubber latex.
- Sealed watertight seams for easy clean-up

The Saphenous Vein Harvest Pad holds patient's legs at the optimal position for assessment and harvesting of the saphenous veins for coronary bypass surgery.

FACC0356 Saphenous Vein Harvest Pad

Surgical Table Accessories

Well Leg Holder

- Helps prevent nerve damage
- Works on both left and right leg

The foam Well-Leg Holder easily supports with comfort the non-affected, well-leg during arthroscopic knee procedures, fracture repairs and cast procedures.

FACC2250 Well Leg Holder

Universal Prepper

- Supports limbs of all sizes
- Pad removes for easy cleaning

The Universal Prepper safely and effectively holds upper or lower extremities. The unique pivoting design allows for infinite positioning of the extremity. Comes complete with 2" (5cm) thick Deluxe pad. Schure Socket XL sold separately.

FACC0161 Universal Prepper

FACCF-RCP2 Schure Socket XL

Elbow Arthroscopy Support

The Elbow Arthroscopy Support comfortably and securely holds the upper extremity for prepping and during surgical procedures. The unique pivoting design provides flexibility for all patient anatomies. Comes complete with Deluxe pad which can be removed for easy cleaning. Schure Socket XL sold separately.

FACC0168 Elbow Arthroscopy Support

FACCF-RCP2 Schure Socket XL

Surgical Table Accessories

Irrigation Towers

- Can hold up to eight (8), five (5) liter bags
- Wide, inverted, 5-legged base resists tipping...no need for “sand-bagging”
- Adjustable from 5'- 8' (1.5m-2.4m) (9' with custom hangers)
- 2- or 4-channel designs
- Push-down squeeze release handles gives a 2-1 mechanical advantage
- No electric or hydraulic parts that require overnight recharging, heavy maintenance, or seals that leak

Great for fluid-intensive irrigation procedures such as arthroscopic, orthopedic, hysteroscopic, endoscopic, TURP, etc.

FACC0157 Irrigation Tower, 4-Channel

FACC0158 Irrigation Tower, 2-Channel

Safety Draw

- Avoid needle sticks
- Hands-free access to medication vials
- Easy viewing of medication labels
- Helps reduce medication errors

Safety-Draw maintains sterility while allowing access to non-sterile vials. This protects both patient and staff by helping to prevent dangerous medication mix-up, as well as needle sticks.

FACC0076 Safety Draw, IV Pole Mount

FACC0082 Safety Draw, Mayo Stand Mount

Surgical Table Accessories

Malleable Hand Positioner

- Case of 5
- Made with aluminum
- Perfect for micro nerve reconstruction procedures
- Can withstand more than 20 articulations
- Two sizes available
- Fits almost any surgical patient
- Autoclavable
- Radiolucent

FACCA20900 Malleable Hand Positioner

Equalizing Device

- Provides equal traction to all 5 fingers
- Used w/ Mesh Finger Traps or S/S Finger Traps
- Autoclavable

FACCR734-05 Equalizing Device

Mesh Finger Traps

- Latex-free
- Double-sleeved soft mesh material
- Firmly grips fingers & hands to provide a comfortable, custom fit to each traction procedure
- Can be purchased sterile or non-sterile

FACC355 - XS
FACC356 - S
FACC357 - M
FACC358 - L
FACC359 - XL

Surgical Table Accessories

Schlein Hand Positioner

- Supports multiple positions
- Innovative cleat system can be used with or without weights
- Autoclavable

FACCA20750 Schlein Hand Positioner

FHC1000 Orthopedic Extension

- Complete set of orthopedic accessories for use with the FHC1000 series
- Carbon fiber abductor bars rested on cart during insertion onto side rails of seat section
- Includes full range of accessories for lower limb traction

FACC0061 FHC1000 Orthopedic Extension

Wide Armboard

- Includes 2" pad
- Measures: 11"W x 26"L
- Rotates 180°
- 21 locking increments
- Compatible with 1,2,3 & 4" pads
- Fits all major surgical tables

FACC4410 Wide Armboard

Surgical Table Accessories

Horseshoe Headrest

- Includes traction bar
- Connects to surgical table using multi-positioning base & swivel adapter
- Support prone or supine positioning
- Easily adjusted for various patient head sizes
- Includes swivel adapter (FACC0101)
- Gel pads can be removed to leave unit for efficient cleaning (autoclavable)
- Compatible with the FHC1000 series surgical tables

FACC0103 Horseshoe Headrest w/ Traction Bar

Lateral Support

- Attaches anywhere along side rails
- Provides patient with lateral support
- Includes 2 adjustable joint to fit patient size & position
- Made of stainless steel and integrated polyurethane foam pad
- Requires a side rail lock to be secured

FACC0015 Lateral Support

Cassette Top for FHC1000 Series

- Attaches to top of O.R. table
- Allows convenient lateral insertion of x-ray cassettes

FACC0046 Cassette Top for FHC1000 Series Surgical Table

Surgical Table Accessories

Alero Deluxe Armboard Restraint Strap

- Two part strap w/ double velcro closures
- Attaches to arm board for easy use
- Upper strap - 26"L x 2"W
- Lower strap - secures around 6" boards

FACC4000 Alero Deluxe Armboard Restraint Strap

Deluxe Two-Piece Vinyl/Velcro Restraint Strap

- 4" wide
- Secures to side rails
- No hooks required
- Extends 30" to 70"

FACC3400 Deluxe Two-Piece Vinyl/Velcro Restraint Strap

Counter-Traction Strap

- Supports patient while being manipulated during surgery
- Attaches to surgical table using clare socket (FACC0001 - sold separately)

FACC0079 Counter-Traction Strap

Surgical Table Accessories

Universal Well Leg Support

- Solid stainless steel adjustable extension bar
- Boot clamp is designed for full-range positioning
- Ideal for positioning patients of any height
- Comes with 1 Restraint Strap & 1 Pressure Management Pad
- Requires one Super clamp or clark socket for mounting to surgical table (sold separately)

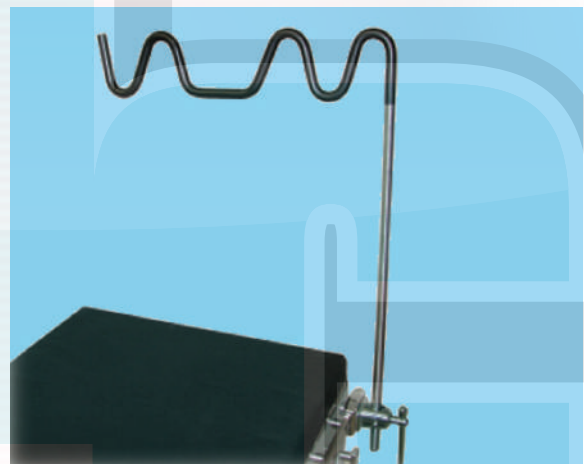

FACC6610 Universal Well Leg Support (1ea.)

Picket Fence Leg Prep

- Efficiently preps both legs at once
- Stainless steel support bar - 5/8" diameter
- Height adjusts up to 30"
- Attaches to surgical table using a clark socket or Super clamp (sold separately)
- Easy positioning
- Easy cleaning

FACC4200 Picket Fence Leg Prep

Leg Prepper

- Padded horseshoe cradle holds patient's leg comfortably during the prepping procedure
- Stainless steel 30"H x 5/8"D (76cm x 2cm) mounting post rotates, rises, and lowers easily to various prepping positions
- Schure Socket XL sold separately

FACC4800 Leg Prepper

FACC508-0107 Replacement Pad
FACCF-RCP2 Schure Socket XL

Surgical Table Accessories

Bi-Lateral Leg Prepper

- 500 lb (227 kg) patient weight capacity
- Pads remove for easy cleaning

The Bi-Lateral Leg Prepper safely and effectively holds both legs for bi-lateral preps. The unique rotating/pivoting design of the holders allow for infinite positioning off the extremity. Includes 2" (5cm) Deluxe Pads. Schure Socket XL sold separately.

FACC0236 Bi-Lateral Leg Prepper

FACCF-RCP2 Schure Socket XL

Dorsal Cushion

- Provides support during intravertebral disk operations
- Antibacterial
- Antistatic
- Flame-retardant
- Memory foam pad relieves pressure and prevents bedsores

FACC0028 Dorsal Cushion

Accessory Cart

- Stainless steel construction
- Rest on four swivel casters for easy movement
- Three stainless steel shelves
- Provides ample space for accessory storage
- Built-in clamps aid attachment of orthopedic abductor bars

FACC0063 Accessory Cart

Surgical Table Accessories

Plastic Drain Pan

- Collects liquid drainage during urological & gynecological procedures
- Attaches to bottom of either FHC1000 seat section or FACC0040 I.A. Extender

FACC0032 Plastic Drain Pan

Deep Plastic Drain Pan

- Collects liquid drainage during urological & gynecological procedures
- Attaches to bottom of either FHC1000 seat section or FACC0040 I.A. Extender

FACC0033 Deep Plastic Drain Pan

Stainless Steel Drain Pan

- Collects liquid drainage during urological & gynecological procedures
- Attaches to bottom of either FHC1000 seat section or FACC0040 I.A. Extender

Surgical Table Accessories

Patient Roller

- Assists with patient transfers
- Eliminates physical lifting of patients

Size Options:

FACC0123 - Patient Roller 25"L x 15"W
FACC0125 - Patient Roller 30"L X 15"W
FACC0126 - Patient Roller 30"L X 15"W
FACC0130 - Patient Roller 67"L x 15"W

Stainless Steel Roller Board Holder

- Mounts easily on wall or door for convenient storage
- Fits roller boards made by almost all manufacturers

FACC0132 - Stainless Steel Roller Board Holder

Ophthalmic Headrest with Surgeon Wrist Support

- Provides surgeon with full access to the facial region
- Wrist support bar helps prevent fatigue
- Comes with antibacterial, antistatic, flame-retardant pad
- Made with memory-foam to relieve pressure and prevent bedsores
- Has two bars used for insertion into the FHC1000 back section
- Structure is composed of stainless steel

FACC0036 Ophthalmic Headrest with Surgeon Wrist Support

Surgical Table Accessories

ENT Headrest

- Constructed specifically for ENT procedures
- 2" thick pad
- Attaches to FHC1000 surgical table

FACC0062 ENT Headrest

Adjustable Headrest Adapter

- Provides adjustable insertion points for DORO® and other neurosurgery headsets
- Installed onto the back section, in both normal and reverse orientation
- Composed of stainless steel

FACC0035 Adjustable Headrest Adapter

Uro Extender

- Useful in urology and procedures which require ample IA coverage
- In normal orientation it can be attached to the seat section
- Reverse orientation it can be attached to the back section
- Includes a perineal cutout, and 2 ½ in (6.3 cm) thick pad
- Has insertion points which are identical to those of the table
- Made with radiolucent phenolic board

FACC0040 Uro Extender

Surgical Table Accessories

Long Table Width Extender

- For use with bariatric patients
- Extends the width of the table top by 4" (45 cm long)
- Attaches to the back, seat or leg section using an integrated clamp
- Comes with antibacterial, antistatic, flame-retardant pad
- Made with memory-foam to relieve pressure and prevent bedsores.

FACC405 Long Table Width Extender

FACC404 Replacement pad

Foot Controller

- Provides surgeon with the capability to move the table when using the hand pendant is inconvenient.
- Communicates with 3 meter long cord
- Used to control height, Trendelenburg, reverse Trendelenburg & lateral tilt functions
- Foot controller meets fluid ingress protection of IPX-7

FACC0045 Foot Controller

Infusion Stand

- Fastened to the side rail using a Clark socket
- Height and angle can be adjusted manually
- Composed of stainless steel & plastic

FACC0008 Infusion Stand

Surgical Table Accessories

Morgan Pelvic Rest

- Support bar covered in cylindrical pad
- Provides pelvic support during rectal procedures
- Comes with antibacterial, antistatic, flame-retardant pad
- Made with memory foam to relieve pressure and prevent bed-sores
- Attaches to the surgical table side rails using two Clark Sockets
- Structure is composed of stainless steel

FACC0029 Morgan Pelvic Rest

FCP001559 Replacement pad

Horizontal Traction Tower

- Solid stainless steel construction
- Adapts easily to end of most arm & hand tables
- 3/4" outside diameter
- Square tube with 1/2" telescoping tube
- Comes complete with all necessary hardware

FACC344 18" long for rectangular-shaped table

FACC345 24" long for hourglass-shaped table

Radiolucent Armboard w/ Enhanced Post-Loc Rail Mounting System

- Built-in mounting mechanism allows for easy vertical up & down movement
- Adjusts to level for O.R. table surface without changing arm board pad
- Easy 180° rotation when mounted on either side of O.R. table
- Secure positive locking mechanism for safe & easy fit to any O.R. table rail
- Lever-free arm board provides no interface during C-arm imaging and x-ray procedures
- Measurements: 6"W x 26" L

FACC0401 Radiolucent Armboard w/ Enhanced Post-Loc Rail Mounting System

Surgical Table Accessories

Arthroscopic Stress Post

- Provides fulcrum to leverage the leg for better knee access
- 5/8" diameter
- Height adjustable post
- Includes: 4" x 6" pad
- Stainless steel plate & support bar
- Available in 12" or 18" post height
- Securely attaches to any O.R. table using Clark socket

FACC9050-12 Arthroscopic Stress Post w/ 12" Height
FACC9050-18 Arthroscopic Stress Post w/ 18" Height

Transfer Board

- Helps attach accessories with flat bar sizes 1/4" x 1"
- Tightened using a thumb screw
- Composed of stainless steel

FACC0041 Transfer Board

Arm Traction Device

- Accommodates intraoperative traction up to 40 lbs for shoulder, arm, and wrists procedures
- Mechanical safety stop prevents patient injury
- Saves time by using arm support for prep and traction

FACC20500 Arm Traction Device

Surgical Table Accessories

Duraclear Arm & Hand Tables

- Provides excellent X-ray clarity
- C-Arm visualization
- 3 sizes available
- Comes with 1" standard pad
- Requires 2 clark sockets or round bar clamps (for mounting)
- Fits all North American surgical tables

FACC1200 12"x30" Duraclear™ Table w/ Pad

FACC1600 16"x30" Duraclear™ Table w/ Pad

FACC1800 18"x30" Duraclear™ Table w/ Pad

LPS Arm Support

- Provides comfortable & convenient placement of non-operative arm
- Easy access to patient I.V.
- Enhanced stabilization of shoulder
- Attaches to the surgical table using a Clark Socket

FACC0078 LPS Arm Support

Under Pad Mount Arm & Hand Tables

- Very durable table
- Offers poly carbonate covered opening (14"W x 24"L) for C-arm access
- Rugged stainless steel construction
- Designed to slip under pad
- Convenient handle to carry/store table easily
- Optional Add-A-Rail easily added to end of board for multiple accessories

FACC341 Under Pad Mount Arm & Hand Tables

FACCM312 - replacement 2" thick pad only

Surgical Table Accessories

Kross Arm Support

- Perfect for arm chair, prone, lateral, & neuro procedure positioning
- SS arm cradle measures 6" x 20"
- Disposable Kross Kloth sleeve
- Includes: 1 roll
- Requires: 1 Clark Socket for mounting (sold separately)

FACC7500 Kross Arm Support

FACC7520 - Disposable Kross Kloth

Split Leg Section For FHC1000 O.R. Tables

- Manually operated
- Can be raised 30°, lowered 90°, & opened 180°
- Each leg plate includes it's own antibacterial, antistatic, flame retardant memory-foam mattress pad
- Weight capacity of 800 lbs.

FACC0092 Split Leg Section For FHC1000 O.R. Tables

Add-A-Rail

- Solid stainless steel
- Mounts to block underneath table w/ 2 counter sunk screws
- Allows you to adapt multiple accessories at one time

FACC314 18" long for rectangle-shaped table

FACC324 24" long for hourglass-shaped table

Surgical Table Accessories

FHC Strap VELCRO® Rolls

FHC Strap is the answer to your taping, strapping, tie-down and restraining requirements. It has VELCRO® brand fastener hook and loop back-to-back on 30' (9 meters) rolls and available in 4 widths. No sticky tape residue to damage equipment. Soft edge design to protect patient's skin. Not made with natural rubber latex.

FACC0147	3/4"W (2cm)
FACC0148	1 1/2"W (4cm)
FACC0149	3"W (8cm)
FACC0150	5"W (13cm)

A-Line Positioner w/Straps

A-Line Positioner w/Straps consist of two exclusive 1"W x 17"L (3cm x 43cm) soft edge straps which reduce the risk against skin ulceration. This anatomically formed base provides the best angle while keeping the skin taut for optimal needle insertion.

FACC0143	Disposable A-Line Positioner w/Straps, 12/cs
----------	--

A-Line Positioners

- Stable and accurate positioning
- Enhanced comfort for the patient
- No need to try to find a make-shift positioner
- Has slot to secure to armboard

Disposable support positioner to provide for a fast, consistent and reliable A-Line insertion.

FACC0144	Disposable A-Line Positioners, 30/cs
